"DID NOT SHOOT EHLEH."
EMMONS DEFENDS HIS WIFE.
DIRECT WIFE TO THE TIMES)
SAN FRANCISCO, Feb. 9.—[Exclusive
The United States Senator Emmons was asked today by the Associated Press whether he had shot the truth of a story circulating from Los Angeles to the effect that he had shot a man named Ehler that day of city for undue influence in the case of Mrs. Emmons. The ex-senator said:

Newhall attorneys of hours dered a decision based on the testimony of Peters and The inspection subins to blame, a Capt. Peters was

MAGOON TALKS
OF THE CANAL

Governor Asserts Sanitary
Conditions are Better.
Zone is Excellently Governed,
Except for Overwork.

Serious Question Presented in
Capital-Offense Trials.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Feb. 9.—Charles E. Magoon, governor of the Panama Canal Zone, was before the Senate Committee on Intercommerce Canals, today, and gave his testimony in connection with the investigation of the canal work. In response to a request from Chairman Millard, Gov. Magoon outlined conditions upon the isthmus when he was assigned to duty there last spring. He had, he said, found an excellent organization for the government zone, but most of the work was overworked, and very anxious over the possible effects of the reorganization. No removals were made. The sanitary force was also well organized, and he had done and is now doing excellent work. The government had been especially fortunate in securing in that force a number of men who had been engaged in the sanitation of Cuba.

Gov. Magoon contended that better conditions in Panama are better than formerly. Under examination by Senator Morgan, the question was raised whether the courts constituted by the isthmian Canal Commission could deny to an American citizen his right to a trial by jury when charged with a capital offense.

Gov. Magoon said that that presented a serious question. In a general discussion of the subject, Senator Knox said he would like to decide what the ruling of the United States Supreme Court would be in this matter. Jury trials are not held in the canal zone, nor in the Philippines, and in the latter the Supreme Court had upheld the system as applied to the trial of a native Filipino. Senator Knox said he could not say what would be the decision if an American, going to possessions of the United States, were tried and convicted in like manner.

PANAMA STAMPS.
At the afternoon session, Gov. Magoon continued his explanation of the government of the canal zone. He said that the apparent 40 per cent. profit made by his government through the purchase and use of Panamanian stamps surcharged "canal zone" would not pay the cost of the postal service in the zone and said legislation would be necessary to adjust many of them. About half the lands there are claimed by private parties.

One explanation given by Gov. Magoon of the interest the United States had in establishing the Panama currency was that the use of American money doubled the price of everything as the people wanted as many silver dollars worth 100 cents as they had received pesos worth 50 cents, for articles sold.

SMOOT'S TRIAL
HALF FINISHED.INTRODUCTION OF TESTIMONY
NEARING CONCLUSION.

Senator's Attorney Declares the
Character of the Evidence Offered
Necessitates Presence of or At-
least One Hundred or Two
Hundred Witnesses

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, Feb. 9.—The introduction of testimony against Senator Reed Smoot of Utah was closed by the Protestant's counsel today, before the Senate Committee on Privileges and Elections. A. S. Worthington, who represents the Senator, said he was not ready to proceed, but that he would communicate with Chairman Burrows within a few days.

The character of the evidence offered this session, said Worthington, had convinced him of the desirability of calling witnesses for the defense. With reference to the list of the members of the Utah Constitutional Convention, members of the Legislature and State officers, charged to have been polygamists, Worthington said that it might be necessary to call from 150 to 200 witnesses to disprove the testimony of the prosecution, unless the committee permitted the filing of affidavits. He said that Senator Smoot was anxious that the case should be closed and that there should not be one day of unavoidable delay.

SALT MAN RECALLED.

C. A. Smurthwaite of Ogden was called for cross-examination by counsel for Senator Smoot in today's proceedings. The witness said the usual course to settle difficulties between members of the church is to lay complaints with the teachers of the ward in which the aggrieved reside, and the bishops, after hearing the complaint, ordinarily instructs the teachers to do everything in their power to adjust the differences.

Worthington asked Smurthwaite if he had any reason to believe his trouble with President Smith over their rival

salt interests could not have been adjusted in the same way.
"Yes," the witness replied. "My knowledge of the leaders of the church convinced me that was impossible."

CHURCH FILED HIM UP.

Senator Knox then inquired of the witness if the Mormon First Presidency had followed up its threat to ruin him because he insisted upon continuing the salt business. He said his company went on and made salt, but his competitors reduced the price of crude salt from \$1 to \$2 a ton. The witness said his company has been compelled to pile up his production. The effect, he said, was to injure his credit and depreciate the value of the stock of the company.

After explaining the titling system of the Mormon church, Mr. Smurthwaite was asked if the tithe were invested in corporations.

"I am fearful that they are," he replied.

He estimated that tithing brought the church a revenue of from \$1,500,000 to \$2,000,000 a year, but no accounting had been made, so far as he knew. The Protestant's counsel then announced their case was closed.

Almost the entire session of the Senate was devoted to the consideration of the Urgent Deficiency Appropriation Bill, which was passed practically as it was reported from the Committee on Appropriations. The only discussion in connection with the bill was an amendment suggested by Mr. Patterson to strike out the provision relieving alien workmen on the canal from the operation of eight-hour-day law. Patterson contended that to require men to labor more than eight hours a day in the tropics was inhuman and urged that the requirement would do injustice to American labor. Several Senators on both sides of the chamber contested the position. Mr. Money opposed the Patterson amendment.

"What it all means in plain, brutal English, is that there is being prepared on the isthmus a slaughterhouse for aliens and that the canal is to be built at a fearful cost, not of money, but of life," responded Mr. Patterson, in persisting in his amendment.

Mr. Gallinger called attention to the statement of the canal officials that sanitary conditions on the isthmus were much improved, and Mr. Patterson replied that these statements did not correspond with the testimony given to Senators.

Mr. Tillman also took issue with Mr. Patterson, saying that "when the Colorado Senator makes an appeal for alien labor, he would better look a little closer home and consider the American laborer, who in the end must pay for building the canal."

Mr. Patterson withdrew the amendment he had offered, and offered another fixing the limit of a day's labor at the earliest possible time. Chairmen of the Senate Committee on Appropriations, Mr. Tillman expressed dissatisfaction with the relationship between the Canal Commission and the Panama Railroad Company, and said he hoped the Canal Commission would find means of unifying the canal and the road.

Mr. Hale agreed with the statement made by Mr. Tillman as to the desirability of doing away with the dual arrangement. The bill was then passed, and at 3:08 p.m., the Senate went into executive session, and at 5:15 adjourned until Monday.

HOUSE PROCEEDINGS.

RECORD FOR PENSION BILLS.

(BY THE ASSOCIATED PRESS—P.M.)
WASHINGTON, Feb. 9.—The House today ground out its usual semi-monthly list of private pensions, passing in 72 minutes, 429 bills for the benefit of veterans making a new speed record in pension legislation.

A bill to amend the Philippine Tariff Act was called up by Mr. Payne of New York, chairman of the Ways and Means Committee. He explained that the bill related to cotton goods and shoes. The cotton manufacturers in this country, he said, make goods 22 inches wide, European manufacturers weave in double this width, and then cut the strip in the center, thus saving half the cost. The goods are sold in the trade as "false salvage" goods, on which the rate is raised to the point which does away with the discrimination against American goods. Low-grade and children's shoes are placed in a lower class, making the tariff at least as Mr. Payne stated, to encourage the wearing of shoes in the islands. No one wished to debate the bill, which was passed without objection.

At 2:28 o'clock, the House adjourned until Monday.

LANDS FOR CALIFORNIA.

PERKINS PRESENTS A BILL.

(BY DIRECT WIRE TO THE TIMES)

WASHINGTON, Feb. 9.—[Exclusive Dispatch.] Senator Perkins today introduced a bill to cede to California certain vacant public lands now unappropriated in Santa Cruz county, including townships 8 and 9 south, ranges 3 and 4 west 11th Diabolo meridian. The stipulation is made that the land shall be held inalienable as a public resort and recreation ground, but that leases may be made of portions for ten years, the income derived from these leases, etc., shall be devoted to improving the land and building roads and to it. The boundaries are to be surveyed at the expense of the State.

The land in question, it is provided, shall be managed by the California Redwood Park commissioners, who shall serve without compensation.

ROOT REORGANIZING.

HE'S FOR BUSINESS METHODS.

(BY THE ASSOCIATED PRESS—A.M.)

WASHINGTON, Feb. 9.—The Post today says Secretary Root is about to reorganize the State Department and put it on a business basis. He will apply the same remedy to the Consular Service. Inefficient and incapacitated clerks are to be dismissed, and a corps of active, alert and energetic clerks substituted. Red tape is to be ruthlessly cut, and antiquated methods superseded by those more consistent with Mr. Root's notion of what a great department of the government should be.

This plan of the Secretary of State was unfolded to the House subcommittee on the Legislative Appropriation Bill at an executive session yesterday. His ideas met with the cordial approval of the committee. Mr. Root detailed two of the best men in the department to study departmental methods. The list of the members of the Utah Constitutional Convention, members of the Legislature and State officers, charged to have been polygamists, Worthington said that it might be necessary to call from 150 to 200 witnesses to disprove the testimony of the prosecution, unless the committee permitted the filing of affidavits. He said that Senator Smoot was anxious that the case should be closed and that there should not be one day of unavoidable delay.

WASHINGTON BRIEFS.

Colorado's Manufacturing.

WASHINGTON, Feb. 9.—Twenty-two per cent. increase in the number of manufacturing establishments and 12 per cent. increase in the value of the products for the year 1922, as against 1921, is the showing of Colorado, according to a preliminary summary of the statistics of manufacturing industries for that State. The value of the products is given as \$108,446,999.

Naval Academy Investigation.

WASHINGTON, Feb. 9.—The House Committee on Naval Affairs today adopted a resolution that a subcommittee of five be appointed by the chair to visit the Naval Academy at Annapolis and report upon the

WILL PROTECT SPECIAL RIGHTS.

Hour Has Arrived When France Leaves

It to Germany to Choose Peace or War.

(BY THE ASSOCIATED PRESS—A.M.)

PARIS, Feb. 9.—The semi-official Temps this afternoon, referring to the Moroccan situation, says: "There appears no doubt that public opinion in France is unanimous with reference to the hour having been safeguarded, the hour has arrived for the protection of the special rights of France. No doubt the government, with the knowledge that the whole country is behind it, will take a firm stand during the discussion of this delicate point at the conference."

The solution of the Venezuelan difficulty, according to authoritative information, will go over until the conclusion of the Moroccan conference. No further developments are expected until Taigi's arrival in Paris.

REGULATIONS SUIT SULTAN.

(BY THE ASSOCIATED PRESS—P.M.)

ALGERIAS, Feb. 9.—The Moroccan delegates have received the reply of the Sultan regarding the proposed regulations for the suppression of trade in contraband arms. The Sultan approves of the regulations except where they provide for the destruction of confiscated military weapons. He demands that serviceable armament shall be used for the equipment of Moroccan troops and that those useless for military purposes be sold abroad, the proceeds going to the Moroccan treasury. The reply will be communicated to the conference tomorrow.

A plan for the reorganization of the

customs of Morocco will be submitted to the conference tomorrow.

FORAKER PUTS
NAKED ISSUE.

Shall Arizona be United to
New Mexico?

Anti-Statehood Republicans
Growing in Number.

House Amends the Philippine
Tariff—Pension Bills.

(BY DIRECT WIRE TO THE TIMES)

WASHINGTON, Feb. 9.—[Exclusive Dispatch.] Senator Foraker today introduced an amendment to the Statehood Bill, providing that on the twelfth Tuesday after the approval of the bill by the Governor of Arizona and New Mexico shall submit to the voters of Mexico Territory, at a special election, the single proposition:

"Shall Arizona and New Mexico be united to form one State?"

Below this question two squares will be placed, marked "Yes" and "No." Voters will then have before them, in plain form, without confusion or complication of other issues, the question whether they wish the two Territories united.

As the Statehood Bill stands now, the voters of both Territories are required to vote on the question of the adoption of a State Constitution and the formation of a State government. It is Senator Foraker's idea that the question be put in plain form, without confusion or complication of other issues, the question whether they wish the two Territories united.

ANTI-STATEHOOD VOTES.
Anti-Statehood forces claim sixteen Republican votes as opposed to the bill as it stands. Senator Beveridge, on the other hand, has a list in which he counts only five or six Republicans to the "insurgents." The names of six members are on both lists. At the lowest estimate of the anti-Statehood forces, ten Republicans may be counted as firm in opposition to the bill. Senator Foraker's idea that the question be put in plain form, without confusion or complication of other issues, the question whether they wish the two Territories united.

There are Messrs. Alger, Burrows, Clark of Wyoming, Flint, Foraker, Hambrath, Heyburn, McCumber, Nixon and Perkins.

THERE ARE OTHERS.

In addition to these, it is claimed that Messrs. Chappin, Callahan, and Platt are in favor of a separate vote by Arizona and New Mexico, and will support the Foraker amendment. These are the only names required to pass the Foraker amendment. There are eighty-eight members of the House, thirty-three of whom are Republicans. All of them, it is understood, favor the amendment.

If the amendment should be defeated, Senator Foraker will offer another, striking from the bill all reference to New Mexico and Arizona, and will hope to gain additional Republican votes on this proposition, on the vote on the Oklahoma and Indian Territory are cast in the affirmative. The bill would not be punished by being voted with the New Mexico and Arizona propositions.

Agreement has yet been reached, tentatively, for a vote on Statehood. Both sides are not yet ready for a test of strength. The procedure in the Senate on other matters will wait until a date will be fixed for a vote.

SENATE PROCEEDINGS.

FORAKER PRESENTS IT.

(BY THE ASSOCIATED PRESS—P.M.)

WASHINGTON, Feb. 9.—At the beginning of today's session of the Senate, Mr. Foraker presented an amendment to the Statehood Bill, directing that on the twelfth Tuesday after the approval of the bill by the Governor of Arizona and New Mexico shall submit to the voters of Mexico Territory, at a special election, the single proposition:

"Shall Arizona and New Mexico be united to form one State?"

Below this question two squares will be placed, marked "Yes" and "No." Voters will then have before them, in plain form, without confusion or complication of other issues, the question whether they wish the two Territories united.

As the Statehood Bill stands now, the voters of both Territories are required to vote on the question of the adoption of a State Constitution and the formation of a State government. It is Senator Foraker's idea that the question be put in plain form, without confusion or complication of other issues, the question whether they wish the two Territories united.

There are Messrs. Alger, Burrows, Clark of Wyoming, Flint, Foraker, Hambrath, Heyburn, McCumber, Nixon and Perkins.

THERE ARE OTHERS.

In addition to these, it is claimed that Messrs. Chappin, Callahan, and Platt are in favor of a separate vote by Arizona and New Mexico, and will support the Foraker amendment. These are the only names required to pass the Foraker amendment. There are eighty-eight members of the House, thirty-three of whom are Republicans.

FORAKER PUTS NAKED ISSUE.

Will Arizona be United to New Mexico?

Anti-Statehood Republicans Growing in Number.

House Amends the Philippine Tariff-Pension Bills.

WASHINGTON, Feb. 9.—[Exclusive.] Senator Foraker today introduced an amendment to the Statehood bill, providing that on the twelfth day after the approval of the bill by the Congress of Arizona and New Mexico shall submit to the voters of each Territory, at a special election, the question: "Shall Arizona and New Mexico be united to form one State?"

Foraker's question two squares will be placed, marked "Yes" and "No." Those who will thus have before them, a ballot form, without confusion or misapprehension of other issues, the question whether they wish the two Territories united.

As the Statehood bill stands now, the voters of the Territories are required to vote on the question of the adoption of a State Constitution and the formation of a State government. It is a Republican's idea that the question be put to the voters of each Territory to decide whether they wish the two Territories united.

ANTI-STATEHOOD VOTES. The Statehood forces claim sixteen thousand votes as opposed to the bill. Senator Beveridge, on the other hand, has a list in which he counts only five or six Republicans to "insurgents." The names of six names are on both lists. At the low estimate of the anti-Statehood forces, ten Republicans may be counted as first in opposition to the bill. These ten are Messrs. Alger, Burdick, Clark of Wyoming, Flint, Foraker, Hays, Hiram, McCumbe, and Perkins.

THERE ARE OTHERS. In addition to these, it is claimed that Messrs. Clapp, Callinger, La Follette and Platt are in favor of a separate vote by Arizona and New Mexico. Senator Foraker will offer an amendment to the bill all referring to Arizona and New Mexico, and to gain additional Republican votes on this proposition, on the day that Oklahoma and Indian Territory are entitled to Statehood. He will not be punished by being out of the New Mexico and Arizona question.

Argument has yet been reached. Foraker has not yet been reached. He will not be delayed for a day. Both sides appear to be waiting for a test of strength in the Senate. The Senate will permit it. It is a date will be fixed for a vote on the bill.

SENATE PROCEEDINGS.

FORAKER PRESENTS IT.

THE ASSOCIATED PRESS.—P.M.

WASHINGTON, Feb. 9.—At the beginning of today's session of the Senate, Senator Foraker presented an amendment to the Statehood bill, directing the Senate to proceed in Arizona.

Arizona on the question of admission. It directs that within thirty days after the approval of the Statehood bill, the governors of the two Territories shall respectively call elections to submit the question of whether they wish to be united to the United States.

Voters of the two Territories shall vote separately, and the majority of the votes in each Territory shall be cast in the affirmative.

Senator Foraker's amendment was laid before the Senate and will be taken up next Friday.

SENATORS TACKLE RATES.

THE ASSOCIATED PRESS.—A.M.

WASHINGTON, Feb. 9.—The Senate today considered the Hepburn bill, which passed the House yesterday. Today was devoted to the question of the bill, which describes the rate of return to which the act of Congress relating to the railroads. Several amendments were introduced by Senators unfriendly to the bill, but none were voted on today. The bill was passed by a majority of 75 to 25.

CONTROL OF INSURANCE.

THE ASSOCIATED PRESS.—A.M.

WASHINGTON, Feb. 9.—Acting chairman of the House, the Judiciary committee today began an investigation in order that it may be able to report to Congress on the Federal control of insurance. That this authority does not exist is maintained by R. W. Brockton, Omaha, Neb., chairman of the American Committee of the American Insurance Association.

He said that the Federal control of insurance is a question of the highest importance, and that the American Insurance Association is opposed to it.

He said that the Federal control of insurance is a question of the highest importance, and that the American Insurance Association is opposed to it.

CASTRO GETS READY TO FIGHT FRANCE.

Advices by a Traveler are That the People Do Not Support Him in His Intentions and May Revolt When Blockade is Established.

(BY THE ASSOCIATED PRESS—A.M.)

WILLEMSTAD (Island of Curacao) Feb. 9.—A traveler who arrived here from Venezuela today, said:

"President Castro is busily engaged in enlisting throughout the republic and in other ways preparing for war. Generals in each State have been commissioned, and orders have been given to call the recruits to the colors."

"Information from the best sources indicates that the people do not support President Castro. On all sides are heard expressions of a desire to revolt and overthrow the President's government as soon as the French blockade is declared."

"A well-informed Venezuelan told me that the troops will desert their colors, as they have all been compelled to join the army, voluntary enlistment being unknown in Venezuela. Cabello and La Guayra are the only ports capable of making a slight defense. The former has two modern 6-inch guns and the latter has four modern 6-inch guns, with the usual display of old Spanish pieces, which would be blown to pieces at the first shot."

"It is doubted whether President Castro can raise more than 16,000 men who will take the field with any show of spirit. The men are armed with Mauser rifles, but they never practice

shooting. They have 20,000,000 of ball cartridges and a few mountain guns. The Venezuela navy consists of five small craft concentrated at La Guayra.

"Well-posted persons express fear that the French citizens in Venezuela will be in great danger if war breaks out. President Castro is of a revengeful nature, and the inhabitants of the country are at his mercy."

"It is reported that Caracas, the American Minister, Mr. Russell, is persona non grata, owing to the apparent siding of the United States with France, and that he may be given his passport. Matters are nearing a climax. President Castro will compel obedience to his will."

"Five days ago the newspaper, El Grito del Pueblo, suggested that the people should resist the French. The editor was immediately imprisoned without a show of trial and the paper was suppressed."

The German chargé d'affaires, indignantly contradicts reports said to be circulated by President Castro and his party, that Germany is supporting Venezuela's policy against France.

Gen. Alcantara, a Venezuelan educationist, has been appointed to the military command at La Guayra. He has received orders to fire on any French warships the moment they are sighted."

OIL TO FLOW ACROSS ISTHMUS OF PANAMA.

Millions of Dollars Ready for the Great Enterprise and Active Work Begun—California Vessels Will Unload for Eastern Vessels.

(BY DIRECT WIRE TO THE TIMES.)

PITTSBURGH, Feb. 9.—[Exclusive Dispatch.] It has come out here that local capital has been put heavily into a scheme for bringing California oil to New York by a short route. Millions of dollars of capital are in the project, and the Pittsburgh end is being handled by Thomas Galvin, who is a power in the National Tube Company here and who will go to the isthmus of Panama to personally superintend the work now under consideration.

The idea is to bring the California oil by tank steamer from the California coast to the isthmus; pipe it from the vessels across the isthmus to other steamers in waiting, and then to New York and other coast ports. By this, the promoters hope to reach New

York three weeks earlier than they would by going around the Horn. It has been but a short time since a mysterious order for fifty miles of eight-inch pipe for the isthmus of Panama was placed in Pittsburgh. It was not known until today that it was for this scheme, but Galvin this afternoon admitted that such was the case. There has been some discussion whether the scheme will pay in face of the isthmus canal going through, and it has been suggested that it would be better to wait until the canal was finished, but one promoter connected with the project said tonight: "It will take but a few months to get the pipe line running across the isthmus, while the isthmian canal will not be ready for fifteen years at the earliest. A lot can happen in the oil business in fifteen years."

The oil for making the illuminating gas in use in the city, is buying large quantities of Whittier oil to fill the demands for an article that is free from sulphur. The complaints that have been made against the quality of the gas have been charged to the presence of sulphur, a fault known to exist in the product of the Salt Lake wells, and this has led to the demand for the Whittier product, that has long enjoyed a high reputation as a gas maker.

EXPORTS FROM COAST PORTS.

The statistics of exports from ports of the Pacific Coast for the month of December, 1903, prepared by the Bureau of Statistics, Department of Commerce and Labor, show an increase of only 200 gallons of crude, a heavy decline in illuminants and lubricants, and an increase in naphtha. In residuum 178 gallons were exported in December and none in November. Shipments of crude to Hawaii, all from San Francisco, increased 580,440 gallons, or 12,823,829 barrels. During November, nearly two and a half times as much naphtha was shipped as in December. Of illuminants but a little over one-fifth as much was handled for December as in November. Exports of lubricants, on the other hand, remained almost exactly the same.

The figures for December's exports are as follows:

Alaska district—Naphtha, 120 gallons, value \$41; illuminants, 580 gallons, \$157; lubricants, 5, 32.

Pacific Sound—Mineral crude, 500, 323; naphtha, 4776, 3735; illuminants, 840, 1114; lubricants, 9477, 15174; residuum, 1778, 1234.

San Diego—Mineral crude, 1100, 323; naphtha, none; illuminants, 1520, 3268; lubricants, 122, 25.

San Francisco—Mineral crude, 420,000, 314,000; naphtha, 4368, 3680; illuminants, 6375, 4653; lubricants, 7340, 5408.

Total domestic exports for December—Mineral crude, 421,000, 314,000; naphtha, 8662, 51456; illuminants, 45,415, 17222; lubricants, 16,954, 14673; residuum, 1778, 1234.

For November the totals were as follows: Mineral crude, 421,219, 30944; naphtha, 6190, 3690; illuminants, 2,673,625, 1135,426; lubricants, 48,234, 319,724; residuum, 2358, 3235.

Shipments to Alaska were as follows: Pacific Sound—Naphtha, 9239, 31979; illuminants, 20,452, 47724; lubricants, 1916, 3545. For November—Naphtha, 4830, 1549; illuminants, 24,957, 35575; lubricants, 24,450, 37329.

San Francisco—Lubricants, 508, 3230. For November—Naphtha, 388.

Shipments to Hawaii were as follows: San Francisco—Mineral crude, 2,288, 600, 375,600; naphtha, 18,028, 24444; illuminants, 24,428, 14095; lubricants, 28,458, 39018. For November—Mineral crude, 1,887,560, 35481; naphtha, 44,160, 25481; illuminants, 121,550, 31,131; lubricants, 24,480, 37933.

During November 84,000 gallons of crude valued at \$8000 were shipped from Willamette district to Hawaii.

LAND FOR REFINERY.

The California Petroleum Refineries Company yesterday closed a deal with M. G. Manes for forty-five acres at Avila, near San Luis Obispo, for \$11,700, where it will build a refinery, canneries and brick plant in accordance with the extensive plans already outlined. About two hundred people will be employed.

We've enough Valentines to make choosing here a pleasure, but the time is growing short. See "Baby Mine" for a real novelty.

FORD SMITH & LITTLE CO.,
313 South Broadway.

WHY NOT WEAR Innes Shoes

In this portion of the State. Of the 26,000 shares remaining out of the 150,000 placed on the market at 10 cents per share, nearly all has gone. The company is composed of the following persons: John Houk, W. A. Haslam, Frank and Charles Newell, L. W. Blosser, H. J. Abels, John E. Walker, and Charles V. Gardner.

The Quereama and the New Husana oil companies have been incorporated to operate in San Luis county. Among the members are Frank A. Garbutt of Los Angeles and J. W. Squiers of this city.

The sale of a portion of the Marre land, near Port Harford to the Union and Pacific Coast Standard oil companies, was confirmed on Wednesday by the Superior Court of San Luis. The price paid was \$46,756.

The bill authorizing the entrance and clearance of vessels at Port Harford has passed through the Senate at Washington. It is considered the first step in the right direction to make Port Harford a sub-port of entry.

MEXICAN COTTON CROP LARGE.

CITY OF MEXICO, Feb. 9.—Durango cotton planters report that the cotton crop in that State is very much larger than last year, and that the cotton is superior to former crops, as planters have learned much about planting and cultivating. Much trouble is experienced in getting sufficient labor and 4 percent of the crop will be lost from this cause. Some of the cotton planters are proposing to bring in Japanese laborers for making the next crop.

Salt Lake Coal IS THE NEW FUEL

There's none of that dust common to softer coals in this well screened fuel. It's clean and hard.

Nothing that approaches it in quality is obtainable at the same price—
Nothing that surpasses it in richness, purity, mildness or aroma is obtainable at twice the price.
The perfect and ideal blend that best unites all the characteristics of Turkish Cigarette tobacco is given in

TURKISH TROPHIES

CIGARETTES

The Turkish Cigarette that leads the world in popularity and sales, not because of its low price, but because of its fundamental quality, its purity and its fragrance.

10 FOR 10 CENTS Everywhere

THE FLAG GIRL—Exquisite reproductions of large size (8 1/2 inches) in fourteen colors, of the famous paintings; series of 25 beautiful women in characteristic national costumes. Effective decoration for den, club-room or cafe. The whole series sent post-paid for 35c.

S. ANAGYROS,
111 Fifth Ave., New York.

ROSE TERRACE

Lots \$600 And Up. Terms.

If you have "idle dollars" invest them at Rose Terrace—here they'll find profitable employment.

Adjacent to an important trolley center—the junction of the Big Four (Pacific Electric)—surrounded by Huntington's subdivisions, close to beautiful South Pasadena homes and possessing marked scenic and climatic advantages—Rose Terrace is truly a "key to judicious investment."

The subdivision is adorned with a mammoth rose hedge in full bloom. Bearing orange trees, live oaks and ornamental trees also dot the property. All desirable public improvements.

Visit Rose Terrace today or tomorrow.

No land speculation in or around Los Angeles promises greater returns than an investment at Rose Terrace.

All Pasadena cars. Stop-over privileges at Ononta Park Junction on all tickets.

Take "Short Line" cars. Get off at Ononta Park.

TOY SHOP" REAL COMEDY.

The Children's Operetta is an
Unusual Hit.

Light Costumes, Clever Boys
and Girls.

Large Audience Applauds
Youthful Effort.

Featured in absolute seriousness
the "Toy Shop" performance at the
Burbank Theatre last night was a re-
markable success. Considered as a
theatrical event, it was the most de-
lightful amateur entertainment that
has been given in Los Angeles for
some time.

The result of the pretty operetta,
which was so smooth, almost profes-
sional in its execution, was a re-
markable success. Considered as a
theatrical event, it was the most de-
lightful amateur entertainment that
has been given in Los Angeles for
some time.

acted in the progress of the little play.
A whole row of boys in Korean cos-
tume started the novelty once by their
entry, and yet again a row of girls, in
crepe paper dresses.
The play concerns the doing of the
dolls in the toy shop. They are
loosened from their material bonds for
a night's pleasure, but as the time ap-
proaches for the return of the toy
maker their joints stiffen and inanimat-
ion takes the place of liveliness. Then
the old toy maker returns, to find
them all upon their shelves or in their
boxes. Wearily he takes up his ham-
mer. Quietly, the curtain falls.
Last night's performance was at-
tended by a large contingent of soci-
ety people, and as there are matinee
and night performances today, hand-
some returns are expected by the pa-
trons.

SENIOR A'S IN PLAY.

High School Graduating Class Presents
"Sweet Lavender" and Wine Pla-
dits for Skill.

Senior A, the graduating class of the
High School, gave its class play at
the Burbank Theatre yesterday after-
noon. Arthur Fiero's beautiful comedy,
"Sweet Lavender," was the play pre-
sented. The theater was crowded.
The play was happily cast and the
amateur actors played their parts in a

creditable manner. Ruth B. Pitken,
in the title role, gave a pleasing per-
formance and received rounds of well-
merited applause. Hazel Dell, as
"Ruth Holt," wore her gray hair be-
comingly and sustained her role so
well throughout the entire play, that
no one would have believed that she
was a bonny lass just graduating.
Mamie Packard was a dainty little
maiden and Hazel Rosenberg, as the
meddlesome old matchmaker, handled a
thankless role so well that the entire
audience could not but feel sorry for her
ultimate discomfiture.

Among the men Edward Selph, as
"Richard Pheney," carried off the high-
est honors. Douglas Brookman, who
played the part of "Geoffrey Weddeburn,"
gave an excellent performance.
Carroll Stilson, Thurman A. De Bolt,
Sterling Pierce and Harry W. Wyatt
also deserve special mention.

The cast was as follows: "Sweet
Lavender," Ruth B. Pitken; "Ruth
Holt," Hazel Dell; "Mrs. Gillfillan,"
Hazel Rosenberg; "Minnie Gillfillan,"
Mamie Packard; "Clement Hale,"
Carroll Stilson; "Richard Pheney,"
Edward Selph; "Horace Bream," Thur-
man A. De Bolt; "Dr. Delaney," Lester
W. Finlay; "Mr. Bulger," Harry W.
Wyatt; "Mr. Maw," Sterling Pierce;
and "Geoffrey Weddeburn," Douglas
Brookman.

As an introduction to the play, Ster-
ling Pierce, president of the class, de-
livered a short address of thanks to
the faculty. Friends of the members
of the class had provided some beau-
tiful floral offerings and the stage looked
like a greenery at the close of the
exercises.

The music for the occasion was fur-
nished by the High School orchestra,
and so well did the members of that
organization perform their part, that
only the initiated knew that it was not
the regular theater orchestra in the
pit. The members of the orchestra are:
Anita Vernon, Florence Sunderland,
Margaret Lyons, Annie Lyons, Al-
berta Curry, Pearl Merrill, Ger-
trude Barrett, Helen Mead, Vera
Lothrop, Byron Gay, Hobart Zarra,
Paul Wagner, Malcolm Lyons, Linn
Christopher, Forest Murray, Ira
Gay, Leonard Kingsbaker, Walter Mc-
Connell, Louis Felsenthal, Emory
Thurston, Norman Gay, J. Barnish,
Leonora Hutchinson and Ray Hust-
ings, director.

The officers of the class who had charge
of the exercises were Sterling
Pierce, president; Ruth Pitkin, vice-
president; Osa Copeland, secretary and
Clarence Smith, treasurer.

CLANSMAN'S WIDOW DEAD.
Local descendants of the famous
Highland clan of Chisholm are inter-
ested in the announcement recently
made by the Glasgow Herald, Scot-
land, concerning the death of Mrs. An-
nie Cecilia Chisholm, widow of the
chief of the clan Chisholm. Descendants
are scattered throughout this State and
in Canada. H. G. Chisholm, tract
agent in Los Angeles of the Kalamazoo
Land Company, is one. He is the oldest
son of John V. Chisholm, who in
turn is the oldest son of Gilbert Chish-
olm of Chisholm, Ont., Can.

Charles Smith, head of the banking
firm of Charles Smith & Son, of Phila-
delphia, died at his home there Thurs-
day night, aged 50 years. He left an
estate of several millions of dollars.

HORSE HORROR. THIS RUNAWAY.

POOR ANIMAL IMPALED ON POLE
OF COLLIDING CAB.

Dangerous Dash on North Main
Street Results in Crash, Shake-up
of Prize-Fight Fans. Broken Ve-
hicles, and Possible Arrest—"Booze"
Said to be Cause.

"Blue" Sepulveda, a one-legged hack
driver, figured in a horrible runaway
accident on North Main street at 11
o'clock last night.

Sepulveda attempted to drive his
horses from the stand in front of the
St. Elmo Hotel, when suddenly the
team became unmanageable and
started on a wild run toward the
Plaza. The two horses rushed savagely
along the crowded thoroughfare,
dodging between cars and grazing
pedestrians.

A hack, loaded with fight fans, re-
turning from the Herman-Herrera
mill, was being driven rapidly south-
on Main street. Straight at the on-
coming team dashed the frenzied run-
away, with the one-legged driver on
the box. At Arcadia street the two
teams came together with a sickening
crash. Sepulveda was thrown off and
severely bruised, and the occupants of
the other carriage were roughly
shaken up.

The pole of Sepulveda's hack struck
the rear horse of the other team, im-
paling the animal. All the horses fell
stunned to the pavement. The injured
brute was dismembered and lay squeal-
ing in agony on the pavement until its
misery was ended by Policeman Oker.
Several who saw the accident de-
clare the occupants of both hacks were
drunk. The statement was made by
at least three eyewitnesses that the
horses of both teams were not under
control. Blame was heaped upon
Sepulveda for the reckless manner in
which he handled his team.

The hack containing the fight fans
is the property of the Panorama
Stables. The vehicle is damaged, and
the other horse injured.

The occupants of this hack hurried
from the scene of the accident and re-
fused to give their names. None were
seriously hurt. They were evidently
men who do not want their wives to
know that they took in this prize fight.

The one-legged driver was taken
to the California Stables, near by.
When seen by The Times reporter
Sepulveda appeared still under the in-
fluence of liquor. He refused to talk
about the accident other than to say
he was not the driver of the team. He
may be arrested on a charge of criminal
carelessness.

During the mad rush of Sepulveda's
horses several persons had narrow es-
capes from injury. The team waded
from side to side of the street. The
only other passenger was a companion
of Sepulveda, who sat beside him. It
is said this man was also full of
"booze."

EAST LOS ANGELES ACREAGE.

Large Tract Bought for Subdivision
Along Extension of Griffin
Avenue.

M. E. Johnson has purchased for a
local syndicate a large tract of land
at the north end of Griffin avenue, in
East Los Angeles, containing about 280
acres in all; 107 acres from Edwin H.
Sawyer of Montecito, Santa Barbara
county, Cal., for about \$80,000; 166 acres
of the Kalamazoo Land Company for
about \$42,000, and the Terrace Villa
tract, from Thomas J. Moore, for about
\$12,000; total consideration about \$134,-
000.

The 107 acres obtained from Edwin
H. Sawyer was purchased through the
agencies of the Heron Realty Com-
pany, and M. E. Johnson & Co. The
other two properties through M. E.
Johnson & Co.

Of the 280 acres, there are about
twenty-five acres of level land lying
along the Arroyo Seco, on the same el-
elevation as Pasadena avenue, from
Avenue 29 to Avenue 45. About fifty
five acres lie about 50 feet higher than
the arroyo on a mesa, having the same
elevation as Highland Park above the
arroyo. About 200 acres are rolling
hills. The lands lying along the ar-
royo and on the mesa will be subdi-
vided at once and first-class street im-
provements put in. The 200 acres of
rolling hill land will be subdivided
later. The subdivision will be known
as Montecito Park.

The Griffin-avenue car line will be
extended that its present terminus
at Avenue 33, along Griffin avenue, to
the north end of the property. Griffin av-
enue will be made a 70-foot street, all
other streets 60 feet wide.

Lots will be about 40x150 and 50x150
feet; prices will range from \$400 to
\$1500. They will be sold on easy
terms, one-fourth cash and one-fourth
in six, twelve and eighteen months.
High building restrictions will be
enforced on the entire tract. The ele-
vation of the mesa is about 425 feet
above sea level, making a good road-
side site for those who do not care to
live in the lower localities.

Knott & Lindsey report the following
sales of lots during the week: Three
lots in Los Angeles Park tract No. 2, on
Santa Fe avenue, at \$150 each. Also
a six-room cottage in Los Angeles Park
to J. B. Patterson for \$2500. In West
Hollywood Boulevard tract, three lots
on Formosa street, \$500 each, and three
lots on Plummer street, the last three
being resales, which were made at
great advance over the prices obtained
for the same lots about six weeks ago.

Alexander Culver and Strong & Dick-
inson have sold lot J in their Southern
Pacific and Santa Fe Warehouse tract,
100x100 feet square, to Mrs. Laura E.
Ball, for \$5500 cash. This tract is sit-
uated east of Alameda street, between
Sixth and Seventh.

Hill on Railroad Rates.

NEW YORK, Feb. 12.—James J. Hill,
when questioned yesterday, said he did
not know what chance the Hepburn
railway rate legislation had of passing
the Senate, and would not express an
opinion of its value as legislation. "I
know this much about it," he said,
"before some of the railroads get down
to the rates the Great Northern is
charging now, they will be sick
and tired of rate regulation."

BOTH FOOD AND MEDICINE.

We like best to call Scott's
Emulsion a food-medicine. It
is a term that aptly describes
the character and action of
our Emulsion. More than a
medicine—more than a food,
yet combining the vital prin-
ciples of both. It is for this
reason that Scott's Emulsion
has a distinct and special
value in all wasting diseases.

There is nothing better to
remedy the troubles of im-
perfect growth and delicate
health in children. The action
of Scott's Emulsion is just as
effective in treating weak-
ness and wasting in adults.

CLANSMAN'S WIDOW DEAD.

day night, aged 50 years. He left an
estate of several millions of dollars.

SCOTT & BOWNE, 200 Paul Street, New York.

HEALTH IN THE FOOD

Every one knows that Royal Baking
Powder is absolutely pure. The housewife
uses it with confidence, and she is justified
in so doing.

But how few realize that Royal Baking
Powder is a direct product of the healthful
and delicious grape! The product of the
grape, crystallized and ground, is the cream
of tartar which forms the active principle of
every pound of Royal Baking Powder.

Fruit properties are needful for the health-
fulness of the body, and the grape as used
in Royal Baking Powder is the most valua-
ble and healthful of all.

Royal Baking Powder

produces food remarkable both in flavor
and wholesomeness.

ROYAL BAKING POWDER CO., NEW YORK

Walk-Overs

"When Walk-Overs go on, troubles go off."

When it comes to Women's fancy footwear and distinct
novelties, no store can serve you better than the Walk-
Over stores. In variety of styles, range of sizes, and good
values, the Walk-Over stock of fancy slippers, pumps and
oxfords is unexcelled.

The handsome patent pump shown above, for instance,
is an illustration of the money-saving side of Walk-Overs. You can
go into some shoe stores in Los Angeles and see another pump, iden-
tical in style, material and making, priced at \$5 or \$6. The Walk-
Over price is \$4. A dollar or two is worth saving—isn't it?

More than 150 other models for men and women, representing every known
style of footwear and every kind of leather—\$2.50 and \$4.00 per pair.
Send for latest style book.

NOT VERY SICK

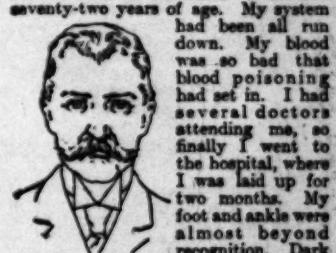

But you will be if you neglect to get relief
from those dizzy, faint and hungry spells, per-
haps, shortness of breath, etc., which tell
you your heart is weak, and unable to per-
form its duty. Dr. Miles' Heart Cure will give
such relief, by strengthening the nerve and
muscles of the heart. It's so sure that it is
sold on a guarantee to refund price if first
bottle fails to benefit.

TIRED OF LIFE AWFUL SUFFERING

From Dreadful Pains From Wound
on Foot—System All Run Down
After Six Months' Agony—Not
Able to Work—Completely Cured
in Two Weeks

MIRACULOUS CURE BY CUTICURA REMEDIES

"Words cannot speak highly enough
for the Cuticura Remedies. I am now
seventy-two years of age. My system
had been all run
down. My blood
was so bad that
blood poisoning
had set in. I had
several doctors
attending me, so
finally I went to
the hospital, where
I was laid up for
two months. My
foot and ankle were
almost beyond
recognition. Dark
blood flowed out of wounds in many
places, and I was so disheartened that
I thought surely my last chance was
slowly leaving me. As the foot did
not improve, you can readily imagine
how I felt. I was simply disgusted
and tired of life. I stood this pain,
which was dreadful, for six months,
and during this time I was not able to
wear a shoe and not able to work.

Some one spoke to me about Cuti-
cura. The consequences were I bought
a set of the Cuticura Remedies of
one of my friends who was a drug-
gist, and the praise that I gave after
the second application is beyond
description. I was cured in two weeks,
for the Cuticura Remedies took
effect immediately. I washed the foot
with the Cuticura Soap before applying
the Ointment and I took the Remedies
at the same time. After two weeks' treat-
ment my foot was healed completely.
People who had seen my foot during my
illness and who have seen it since the
cure, can hardly believe their own eyes."

Robert Schoenhauer
Aug. 21, 1905. Newburgh, N. Y.

Sold throughout the world. Cuticura Soap, 25c. Ointment, 25c. Remedies, 25c. Each bottle has full directions. Price per box of 6, \$1.50. For sale at all drug stores. "The Great Skin Cure."

Throat and Lung Troubles

Of Every Kind Can Be Per-
manently Cured.

What a Prominent Druggist Says.

Mr. C. S. Peaslee, the well-known
druggist of Morgan City, La., is highly
thought of in his neighborhood because
of his skill and care in filling prescrip-
tions. The best physicians in the place
send their patients to his store when-
ever they can. Anybody who has seen
Mr. Peaslee may say as he depends upon
absolutely. In all my many years' ex-
perience as a druggist, I have never
handled a medicine of any nature that
has such a satisfying record as Dr.
Acker's English Remedy for Throat and
Lung Troubles. I have sold hundreds of
bottles of it, and I have never known
a single case where it failed to cure. In
Croup, it acts with a certainty that is
really marvelous. My wife does not
take much stock in medicine, but she
has absolute faith in Dr. Acker's Eng-
lish Remedy, always having it at her
elbow in case the children are attacked
by Croup at night. It is a positively
harmless remedy, as I can personally
testify. I can understand why Dr.
Acker's English Remedy is so effec-
tious, because I am a druggist. It is
not a mere expectorant, but a strength-
ening, invigorating tonic as well. While
it heals the irritations of the mucous
membrane, it also builds up the consti-
tution and purifies the blood. I endorse
it absolutely. (Signed) C. S. Peaslee.
If anyone knows about the sale and
effect of medicines, surely a druggist
should. It is seldom you get a
druggist to endorse any preparation
that he handles, as he feels it might
hurt the sales of competitors' prepa-
rations. It is quite evident, therefore,
that Dr. Acker's English Remedy has
no competition—it stands alone—it has
stood alone for many years, and each
year sees its sales increasing. There can
be but one reason for that, it must have
done it—must be curing sufferers every
day.

We want everyone, from those with a
slight cough, to those with a severe
cough, to try Dr. Acker's English
Remedy, and we guarantee to you that
the trial will cost you nothing if you
are not benefited. This is as fair as we
know how to make it. Buy a bottle of
today and buy a bottle of Dr.
Acker's English Remedy, and if it does
not do all we claim for it, he will give
you your money back. No risk on your
part. If there is any risk anywhere, we
take it, not you. Try it at once—today.

Be sure to ask for
DR. ACKER'S ENGLISH REMEDY
For the Lungs

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Ex-Pastor in Trouble.
A. W. Bloom, formerly pastor of a Baptist church in Los Angeles, was convicted by a jury at San José yesterday of stealing a buggy at Mountain View, Ariz., and sentenced to be hanged on the 19th inst.

Benefit for Humane Society.
A whist party for the benefit of the Humane Society will be given on the afternoon of February 15 at the residence of Mrs. Lewis C. Carlisle, No. 1202 Alvarado street. The last benefit, given by the Philomathean Club, netted the society about \$75 and this makes the club a life member.

Rescued Sad Call.
William H. Croft, of No. 765 Maple avenue has been summoned to Denver on account of the death of his sister, Miss Alice Croft. Miss Croft committed suicide Thursday, having become dependent over the death of her fiancé, Frank Sear, who died under peculiar circumstances as the result of a hemorrhage of the brain.

The Los Angeles Humane Society during January received forty-two complaints. There were 120 cases investigated. Twenty-five children were given relief; nine were placed in the Truvelo home; ten were Juvenile Court cases; eight girls were placed in the House of the Good Shepherd, and nine children were given warnings.

Died of Heart Disease.
Yesterday morning W. A. Garrett, an employee of the Southern Lumber Company, on East 7th street, was discovered lying on his face in the lumber yard. He had fallen in a sudden attack of heart disease and died in the police ambulance while being conveyed to the Receiving Hospital. He was a married man and lived with his family on Vignes street.

Farmer is Bankrupt.
Homer S. Wood, a farmer at Lewis, in Mariposa county, which is in the northern division of the United States District Court for Southern California, yesterday filed his petition with the Commissioner of the Bankruptcy, asking to be declared a voluntary bankrupt. Wood has liabilities of \$2265, and assets of \$1245, which are composed of household goods, stock and farm implements, etc.

Alpha Phi Luncheon.
The Alpha Phi Alumni of Southern California will hold the annual meeting at a luncheon at the Hotel Lankershim next Saturday at 12 o'clock. Alpha Phi is one of the well known national college societies, with chapters at Stanford and Berkeley as well as several in the East and Middle West. It has a number of alumni members in the city.

Murphy Tomorrow Night.
Francis Murphy has plans arranged for a great gospel temperance meeting tomorrow night at the Lankershim Hall. The meeting will open at 7:30 o'clock and will be presided over by Col. F. S. Yager, an attorney of this city. There will be short addresses by C. H. Daly and Frank F. Finlayson, and Murphy will speak on the subject of "The Great Emancipator." A fine musical programme has been arranged, and this will be under the direction of J. W. Eccleston.

Thefts Reported.
Thieves were after big game Thursday night, which is shown by the report to the police that a horse and buggy had been stolen from the First Baptist Church, where it had been left by Mrs. M. C. Close. Pablo Rios also reported the theft of a horse from him at Fifth street and Ruth avenue, while a grading camp opposite the Sisters' Hospital came forward with the loss of two sets of harness. Mrs. Greenlow, No. 642 Lamar street, reported the loss of \$5 and a half dozen silver spoons.

Auto Runs Over Boy.
Louis Ouellette, aged 14, a delivery boy for the Standard Pharmacy, was painfully injured yesterday afternoon in being run down by an automobile at Pico and Hill streets. The auto was driven by Paul H. Muskat, of the Mechanic Garage and Repair Company and an it turned sharply from Hill onto Pico. It struck and run over young Ouellette. He was placed in the auto and a start was made for a doctor's office, but he was able shortly afterward to take a street car for home.

Court-Plaster Man.
A policeman arrested J. D. Hudson, who has been doing the town pretending to sell court plaster, but in reality begging, and the police think inspecting property for his own purposes. It was reported that he had a habit of walking into houses when his knock was not answered. He had a dozen dirty packages of plaster and a considerable sum of money, showing that he does a good business by imposing on charitable people. He was booked as a suspect. Nobody makes a better living than the beggars and grafters of Los Angeles.

For Postal Substitutions.
Postoffice substitutions M. and O. located in the Broadway Department Store and Store at Thayer's store in Spring street will not be abolished as has been reported for the last few weeks, but will be kept on as an amendment to an urgent deficiency bill in the United States Senate by Senator Flint, yesterday, in Washington, the money will shortly be in sight to meet all expenses. In addition to the amendment for funds to keep these two substitutions in operation, the bill was also amended to provide an increased appropriation for the Los Angeles postoffice which will permit the appointment of additional clerks and clerks to handle the enormously increasing business of the city office.

Chautauquans' Picnic.
At the Broadway Hotel no less than twelve people from Chautauque, Lake N. Y., are now sojourning, and many others are scattered throughout the city. There are also many residents of Los Angeles who formerly lived in Chautauque county. Last March a reunion of these Chautauquans was held at Eastlake Park, and so large was the attendance and so great the enthusiasm that a permanent organization was effected, with a view to holding a similar meeting yearly. The reunion this year will be held a week from today at Eastlake. Any information can be had by addressing the president of the Chautauque County Association, Police Commissioner George Mason, Mason Block, Fourth and Broadway.

Profit Follows Times "Liners."
One can't help being interested in these small, classified ads, which tell a diversified story of commercial activity in the fast-growing Southwest. Every reader of The Times will find in them something, somewhere, for their profit and advantage. Look them over. You'll be sure to discover an opportunity to make money. There's a fortune in them if watched closely and constantly.

BLOWS BRAINS OUT.

Veteran at the Soldiers' Home Goes to the Cemetery and Commits Suicide.

William H. Nesson, aged 72, an inmate of the Soldiers' Home, committed suicide yesterday afternoon about 2 o'clock in the cemetery adjoining the Home, by blowing out his brains with a .32-caliber revolver.

Nesson had started out for a walk at noon, seemingly in the best of spirits. The report of the revolver was the first known of the act. He was dead when found and was not identified until 4:30 o'clock.

His habits were good and no cause for the deed is known. He was a widower and went to the Home from Santa Cruz. He was born in Philadelphia, and served in the United States navy throughout the Mexican War. He has no known relatives.

COVINA.

DEATH OF H. E. WILSON.
COVINA, Feb. 9.—H. Ernst Wilson, a brother of R. E. Wilson, died here morning, aged 52. He came here a few weeks ago from Galveston, Tex. The funeral will be held Saturday at the Christian Church. Rev. Mr. Gage of the Presbyterian Church will officiate.

"Hotel del Coronado" leads them all.

BREVITIES.

CITY AND COUNTRY.

On All News Stands, 5 CENTS
Trains and Streets.

YELLOW KNOCK
IS SQUELCHED.

Wild Lies on "Greater Los Angeles" Refuted.

Official Words of Consolidation Commission.

All Sections and Cities are to be Consulted.

STATEMENT TO THE PUBLIC.

"The Consolidation Commission is just being organized for work, and it has not yet entered upon the consideration of plans for the consolidation of the city of Los Angeles and any other part of the county of Los Angeles. No boundaries for a 'Greater Los Angeles' have been formulated, and all conclusions as to the scope of the work of the commission are premature. Any and all plans will be presented to the different sections and cities interested."

The above is Official Bulletin No. 1 issued by the "Consolidation Commission of the City and County of Los Angeles." This bulletin was adopted by the commission at its session last evening in the Chamber of Commerce building, and is intended to allay the reports that have been in circulation in various parts of the county that this section or that section is to be taken in or cut out, thus raising antagonism to the general project.

It takes particular pains to make explicit the fact that this movement is not for a "Greater Los Angeles," not in any respect a plan for the aggrandizement of the city of Los Angeles, but that it is a project in the interests of all communities as to share alike—a plan for the consolidation of the government of these various communities that will work equally for the benefit of all, and not one that will array one section against the other, nor cause the obliteration of the hopes and pride of any town or city.

The bulletin puts an effectual quietus on the silly knocks and splutterings of disgruntled persons and especially to the war whoops of Uncle Heine "Know-it-all," who, through the medium of the Examiner, has viciously and wantonly misrepresented the entire plan for consolidation.

Thirteen members of the committee of fifteen were present at the meeting. The report of the Committee on Organization and Scope of Consolidation was presented, and after discussion was adopted.

It provides that the committee be known as the "Consolidation Commission of the City and County of Los Angeles;" and that the following committees be appointed by the chairman of the commission:

Committee on Law and Form of Government, Committee on Ways and Means, Committee on Revision and Subsidiary Committees to consist of three members each on Police, Fire and Health; Revenue, Public Debt and Taxes; Harbor, Water Supply, Highways, Parks and Lighting; Public Utilities.

It recommends that the Board of Supervisors and the City Council of Los Angeles be asked to contribute \$125 each to cover the expenses of the commission, including salary of secretary, room rent, printing, etc.

The report ends with the paragraph: "In view of the fact that a number of localities are seeking annexation to the city of Los Angeles, and believing that the general plan of our commission will be facilitated by such annexation, your committee further recommends the appointment of a committee to consist of three members on 'Annexation and Interests.'"

All of these recommendations were adopted, and after a general discussion, the bulletin given above was adopted, and the Consolidation Commission adjourned to meet at the call of Chairman Butler. The call will be issued upon his completion of the appointment of members of the various committees provided for at this meeting.

AGED MAN'S DEATH.

David Mulford's Injuries in Street Car Accident Result Fatally—Interment at Eastern Home.

David Mulford, the aged father of S. P. Mulford, a well-known attorney of this city, died yesterday afternoon at 2:30 o'clock at the Pacific Hospital. He was 94 years of age.

Mr. Mulford's death was from concussion of the brain, caused by a street car accident, which occurred February 2. He attempted to alight from a University car at Fourth and Spring streets before the car had come to a halt, and was thrown violently to the ground, striking on his head and shoulder.

He was taken to the Receiving Hospital, and afterward to the home of his son, No. 106 South Hill street, but in order to be given every possible attention, he was again removed to the Pacific Hospital. Only once, and that soon after the accident occurred, was the sufferer conscious. He simply slept his life away.

David Mulford was born November 24, 1812, at Middletown, O., and lived nearly all of his life in the central part of that State. He had been engaged in various commercial enterprises, and for many years was a real estate dealer at Middletown and Marysville.

He married Sarah Ann Veal at Middletown in 1835. Their only living child is S. P. Mulford of this city. Mrs. Mulford died at Middletown when her son was an infant. Mr. Mulford in 1876 married Mary A. Pope at Marysville, O., and she died five years ago.

At that time he came to Los Angeles to make his home with his son. Notwithstanding his advanced age, he was a man of vigor, both mentally and physically, and his ambition was to live to reach the century mark.

He took a great interest in the activities of the world at large, as well as in local affairs, and was a well-read, broad-minded man. All his life he was an active Republican, and Ohio politics particularly were closely watched by him. In church matters he was a Presbyterian.

Besides his son, S. P. Mulford, of this city, he leaves four stepdaughters, Mrs. W. H. Perfect of No. 125 West Pine street, Los Angeles; Mrs. Nathan S. Long and Mrs. Ella Speakman of Jersey City, N. J., and Mrs. Elizabeth of Columbus.

UNION PICKETS
LAND IN JAIL.

Arrested for Vile Language Toward Workers.

Ugly in Strike Defeat, They Create Trouble.

Magic Spell of Gas Howton Bails Them Out.

After being repeatedly warned to attend to their own business and to stop bothering men who were working for an honest living, three union thugs, out of a gang of more than a dozen "pickets" who were molesting workmen employed by The Times last night, were arrested by Special Officer Gadden and Officer Ingram of Capt. Broadhead's

Red Fennessy and Gas Howton appeared at police headquarters. They were a little grouchy, as both were on the way to the prize fight, and did not like the idea of missing the opening rounds with the bruisers just to get a trio of their faithful thugs out of jail.

HOWTON'S MAGIC SPELL. The ball of the prisoners had been fixed at \$25 each, and Desk Sergeant Dixon refused to let the men go unless the coin was put up. "Doc" Howton then got busy by telephone with Capt. Broadhead, with the result that on the orders of the captain the three prisoners were allowed to go free with no tangible security to guarantee their appearance in court this morning.

Howton expects to be the next Mayor of Los Angeles, and while the station last night sporting a diamond in his shirt front, he announced, craftily and insinuatingly that he would now find out "who his friends were."

Red Fennessy did not shine in the station house. Even Howton was considerably subdued, and tipped around the corridors as if afraid something was going to grab him. He said he had the money to get the three prisoners loose, but did not intend to put it up.

Howton "got busy" with Capt. Broadhead and promised that the three men would be in court. He did not

Whither One Doth Go, the Other Doth Follow.

"Cut It Out," Yells Push in the Sheriff Fight.

Yell for your money back when you see two prize fighters muttering to each other in a clinch. Bill and Co. Same thing in politics. About the same proposition, anyhow. Costs more, hurts less—sometimes. Wherefore the Push, which is used to

has sent word to the Push that he intends giving them a real treat: they can have any one they want for Sheriff without further orders from him. With tender father pride, he will watch them at their cute little game of running all themselves. "It is as well," he said in a pained voice, "not to have to use the same toothbrush," the ambassador remarked to one of them. Both furiously denied that they have pooled their political interests. The charge that whichever proves weaker is to throw his strength to 'other, was denied almost with tears. "Then you 'tel are y' chasin' round with him all the time fer?" such was asked. Their explanations were various; also vague. Werdin said 'tis because he is a fellow-man. "Why," he said in a pained voice, "nothing at all like that. No, sir, I am the next Sheriff myself; Bill, he don't get a look-in even. "Bill," he said at once; Bill Hammel, he had it once. John Burr, he's been it, too. I'm the only fellow who hasn't had a whack at it. "I just got round with Bill because, don't you know, he's my friend. Same doo with Bill Hammel and John Burr; wavy with Bill Hammel and John Burr;

Damon and Pythias candidates for Sheriff who enrage the Gang by "whispering in the clinches." The intimacy between White and Werdin, supposedly political rivals, arouses the suspicion of politicians, who think something is "framed up."

both kinds of a scrap, is shrieking in agony and alarm. Two of the rival candidates for Sheriff are hanging to each other in a clinch and muttering to each other. It doesn't "look good" to the gang. There are too many friendly doings between Sheriff Bill White and Amintus-to-be-Sheriff B. R. Werdin. There are too many automobile rides and too much brotherly love between them. It may be Christian conduct, but it isn't fierce enough for the "game."

"There must be some scowls and some yowls and something of a more blood-thirsty nature before the Push smiles on their suit. Ward heels have been clinging to the ropes and yelling "break" at them until they are black in the face, but the two still bill and coo in the face of all.

Damon and Pythias have sworn enemies. Compared with Werdin and White, Damon might have been a man who tried to collect poll tax from Pythias the day the mortgage on the Pythias house came due.

In the glowing afternoon, they are to be seen spinning along in the same automobile; in front of the Sheriff's office the grunting auto of Brother Werdin may be seen puffing and waiting in charge of the faithful mobout. Whenever they enter a public place—they off do—the patent patent begins to play the old hymn, "Comrades."

The gang has been looking upon these doings with some disfavor that one of the heels has been deputed to call upon each candidate and twist the top button of his vest.

DIPLOMATIC INQUIRY. They sent a diplomatic man behind a cloud of cigar smoke to make a "Nix, nix, nix" sign to them; tell them it was a case of get in and fight or the money back.

The gang feels swelled up with importance, anyhow. For this reason. Just to show what a good fellow he can be, the boss, Walter Parker, has decided to play a new role of Papa Bonifati.

As a happy little surprise party, he

office. They were locked up in the City Jail. The three "pickets" arrested gave the names of Frank Franh, H. Carson and Frank Richardson. Since the printers' strike was called on the first day of the present year, the unions have made frantic attempts to force the men employed in the non-union shops to walk out. They have employed all methods from bribery to intimidation and assault.

Groups of ugly "pickets" have been hanging around the Broadway entrances to The Times building and the police have dispersed them many times a day, because of their use of vile language toward working men as they passed in and out of the building.

These "pickets" have not only been abusive to the men who were at work, but have insisted upon talking to them and attempting to get them to give up their jobs.

UGLY AND INSULTING. Their overtures toward the second, the "pickets" grew more ugly. Last evening Officer Ingram ordered a gang of them to disband. They declined, and he forced them to move along. They returned later, and Special Officer Gadden arrested two, calling to Ingram to take two more.

When caught Richardson and Ingram turned to look for the second man. As he turned his head, Richardson broke away and ran down Broadway toward Second street. Ingram gave chase and overhauled the runaway, and the three were locked up, charged with liding. The fourth offender escaped.

Gadden stated that the three men under arrest and one other had been making trouble for some time, curving Broadway toward Second street. The men employed in the Times-Mirror Company's shop and in The Times press and composing-rooms, because they refused to quit their positions and join the strikers.

The three union bullies had been in the City Jail only a short time when the word reached their hall, and

sign anything which said they would be there; he merely promised that they would be there, and his promises were made by telephone, and the captain's orders were sent by phone. Shortly before 9 o'clock the three thugs were released and allowed to go their way, and Howton and Fennessy hit it up for the prize fight, still growing over the delay.

ITALIAN SCHOOL. The dedication of the Italian School at the corner of Alpine and Castelar streets, conducted by the Missionary Sisters of the Sacred Heart, took place on Thursday afternoon. Bishop County officiated, and was accompanied in his visit by the members of his board of consulters, who had just held a session in this city. There were also present Rev. James Beardon, the bishop's secretary; Rev. Juan Caballero, Rev. A. Beaudry and Rev. P. Flacchini, rector of the Italian Church.

After the blessing of the rooms by the bishop, the children of the school gave a pleasing programme in the best of English. A striking feature was the presentation of the five arts, painting, music, poetry, architecture and sculpture, each character being represented by a little girl in costume. A surprised boys' choir rendered music.

The sisters now have 150 Italian children in attendance at this school, which was started only a few months ago. A white smile of these children could scarcely speak English when they entered the school, their exercises on Thursday showed that great progress had been made.

PENNSYLVANIA TOURISTS. A large number of Pennsylvania tourists, who have been in Los Angeles for the winter, have been invited to attend the monthly meeting of the Pennsylvania Society of Southern California, which will be held Monday evening in Central Hall, No. 121 South Broadway. The officers of the society have arranged a special programme on account of the many guests expected. Dancing music and light refreshments are to aid in making the evening pleasant.

KURTZMANN
PIANO \$285

Sacrificed on Account of Style Being discontinued, and to Offer a Special Bargain for Today Only

during our sale of discontinued styles we offer one special bargain below cost, and charge the loss to advertising. To-day's "Special Cost" special is a splendid \$400 Kurtzmann Piano for \$285.

The Kurtzmann is in a class of its own. It is a piano of characteristics. In the Kurtzmann we have a tone of clarity, clear-cut and of remarkable timbre; a tone of mellowness—capable of those variations of shading so characteristic of the satisfactory rendering of the classics. Fifty-six years of manufacturing experience is concentrated in the product of C. Kurtzmann & Co.

Among the styles included in this sale are styles of Kranich & Emerson, Estey, Starr, Richman and Brinkerhoff.

PART II: EDITORIAL, LOCAL AND BUSINESS SECTION

The Ferment in China.

Never buy a second hand automobile. You can find all the trouble that's good for you with a new one.

Chicago is to build a home for automobiles. What is more needed, however, is a job for the most of them.

Our compliments to Gen. Ma, and if we were in his shoes we'd take no guff from any kind of foreign devil whatsoever.

The day will come when there will be a harbor between San Pedro and San Diego. As soon as we need them we dig them.

"China for the Chinese" is now the cry. And let whoever objects to it do so, but let Americans keep their mouths shut. It is for the sake of the world.

China seems to be taking its cue from Gen. Ma. It is better to look out for somebody who will take his cue.

If, in addition to race suicide, we are also to have an epidemic of kidnapping, we will be ashamed to look the next census in the face.

A party of thieves has been arrested in Nevada for stealing horse skins. That's not the only skin game that's going on in Nevada.

The powers will now likely forget their differences and come together again in a spirit of brotherly love. There's a joint chance on hand to rob and get China.

Pennsylvania is the richest State in the Union. All her politicians have grafted themselves rich out of her, and still she has left a surplus of \$12,000,000 in her treasury.

The Chinese assure us that they are now awake. And we don't mind saying to them that if they had slept much longer they wouldn't have had a quilt left to cover them.

Three strikes have now been reported from Mitchellville, and the situation is therefore said to be "ominous." So it is. Under the rules three strikes put the striker out.

The trouble is on in China, and the suspicion is on the Jap. The Asiatics are uniting. Well, they have the same right to do so that the Celts and those other people have, don't you think?

A Chinaman named Gee Gao tried to get into this country dressed as a Jap. But when the immigration officer stripped him of his gear, the trick was immediately made transparent.

Col. Mann says the invitations to the wedding of Miss Roosevelt are not in good form. One thing to recommend them, however, is that none of them was sent to either the Colonel or any other member of the Town Topics staff.

It is announced that the United States and England have prepared to go to war with China. When the nations of the earth are so all-fired busy with other things that they can't find time to lie at night, they can still find time to go to war with China.

Isn't there anything going on in this world but graft and greed and robbery? Let a man read the columns of the daily press for one straight week, and he'll decline at the end to trust his own father with enough money to rush the grover on a hot night in summer.

It is almost too good to be true: the bug trust is up against a loss of \$200,000, or thirty cents, a share. No man of this generation ever hoped to see the day when the bugs that afflict life in various phases would ever get the worst of it.

The young monarch of Spain can't be much of a King, after all. Day before yesterday he shook hands with his ministers instead of making them crawl on their bellies up to the throne of Castile and Leon, and kiss the hem of his feet as their ancestors were wont to do in the brave days of old.

The Standard Oil Company has given its stock another heavy watering. The purpose is to make it appear that the company is not making as much money as it really is making. The public knows all about it now, but the Standard figures that the public can't remember any one thing very long at a time. And that's as true as gospel.

The coal mines of Pennsylvania were once worked by Americans and the bone and sinew of Great Britain and Ireland, but are now dependent almost entirely on the labor of Hun and Italian who can scarcely speak the English language. This makes the game that John Mitchell is playing a whole lot easier for him.

United States Senator Sam Piles of Seattle, counsel for the steamship company, wants the government to put up more lights on the West Coast. But as far as can be ascertained, neither he nor any other Senator wants the government to put captains in charge of the ships who have more brains than the present ones, and who know more about navigation and seamanship.

or "doped" foods and liquors, they would be appalled, and such a loud and insistent roar would go up that the members of the United States Senate would no longer dare to refuse the long-time demand of the people for pure food legislation, a demand that has hitherto been denied, owing to the selfish greed of manufacturers of adulterated food products, represented by their plant tools in the Senate.

DRIED AND DOPED FRUIT.

The official organ of the Hungarian pomologists recently called attention to the alertness of the Germans in excluding substandard dried fruits from America, which contain sulphuric acid, due to their exposure to sulphur. One inspection station, at Creffield, recently reported that of forty-seven shipments of dried fruit from America it had to reject thirty-seven for superfluous sulphuring. The Hungarian paper suggests that similar steps should be taken in that country.

Our people abuse the Germans for keeping out such products. They should rather be praised for taking care of the health of their people, in which Uncle Sam is criminally negligent. Such sulphured fruit is unhealthful. A small portion, occasionally, would have little bad effect, but taken day after day and week after week, it is bound to produce evil results.

When will Americans cease to be so foolish as to eat with their eyes? Demand that food products shall be large and beautiful, however the food may be produced?

WINE AT THE WEDDING.

A number of W.C.T.U. people throughout the country—and doubtless they are well-meaning folk, too—have entered a protest against the use of wine at the wedding of Miss Alice Roosevelt to the Hon. Nicholas Longworth. There has been no official announcement made that wine is to be used on that occasion, but the temperance workers took it for granted that such would be the case, basing their belief, perhaps, on the fact that a number of diplomats are to attend, and it is a matter of common knowledge that when a diplomat is invited to be present at any sort of function, whatever, it is absolutely unavoidable that a few cold bottles be opened.

Ordinarily, the use of wine at a wedding of two American young people, or old people, either, for that matter, would not be a subject for public discussion, or one that would warrant outsiders in "butting in" and having anything to say about it. But because the bride-to-be at the coming White House nuptials is the President's daughter, there is no one to whom the two oceans but believe, or she has more or less right to pass remarks, if to do nothing more.

The people at large seem to be imbued with the idea that Miss Alice belongs to us all, and, in a certain sense, she does, God bless her.

But, dear heart, what those who may sit down at the President's table after the knot has been tied shall eat or drink, is the business of their distinguished host, and their own, and it is not for us to be raising a fuss about it. Outside of the diplomats, nobody is likely to take more than a mouthful or so of the vintage, anyhow, and we needn't worry about the amount that the diplomats may drink. There isn't enough wine in Washington to put those fellows under the table. It is part of a diplomat's training to drink not only champagne, but also cocktails, liquors, gin fizzes, (next morning as a rule), high balls and any other kind of drink that was ever concocted or invented—including plain plebeian beer—on this or any other side of the water, inside the narrow seas, or adjacent, and beyond the seven oceans, and contiguous thereto.

While from a religious point of view there may be a discussion on this subject, it must be admitted by all that the weight of the Scriptures is in favor of "a wee drop at a wedding." It is true, of course, that in one place in Holy Writ we are commanded not "to look on the wine when it is red." And this has been justly interpreted to include white wines, also, and blue and green wines, if there be any such. But in another place we are told to "take a little wine for our stomachs' sakes." It is to be noticed that the word "little" is used, and this is a matter of comparison that has to do solely with a man's capacity. For instance, what a diplomat would consider little might put another man in a condition that he wouldn't wake up for three weeks, and would see more spiders, bugs and reptiles when he did wake up than were ever classified by the naturalists of the world from the day of Aristotle down to the present day.

Perhaps it is rather a hackneyed thing to do, and yet a discussion of the subject in hand can hardly be concluded without referring to the widely accepted fact that at the marriage in Cana of Galilee, there was wine, the Master making it from water when the supply had been exhausted. It was His first miracle. And while it has not been intended to take sides very much one way or the other, it may be said with confidence that it is the abuse of wine and not its mere use that causes the trouble—furthermore that champagne made from pure water by a miracle is the least harmful of wines.

Moreover, the Roosevelts and the Longworths are among our most highly respected people. It is their wedding, and let them conduct it in their own way.

THRIFT.

John Mitchell

STRIKE TIMES ARE THE STRIKE-PROMOTER'S HARVEST TIMES.

WHAT'S SAID IN SAN FRANCISCO.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

SAN FRANCISCO, Feb. 8.—During the past week there has been a noisy smell, and in fact it has been so bad that it in all justice should be called a stink. It was not political, and it did not emanate from Prof. Zubeilin, in his Decade of Civic Development, calls the "Classic Municipal Mausoleum"—meaning the City Hall. The stench was physical, and not moral. It came from the vicinity of an immense brick chimney in the southern section of the city. The Sanitary Revision Works in charge there has had since 1896 the monopoly of burning all the garbage of the city. The scavenger's union has been so successful in its efforts to keep the city clean that it has a salary of \$100 a month to manage the pictures, and he thinks that he ought to be where they are, in the city of San Francisco.

The Shriners are getting ready to invade Los Angeles. The sands are becoming hotter and hotter, and the supply of sand is becoming more and more scarce. The Shriners are getting ready to invade Los Angeles. The sands are becoming hotter and hotter, and the supply of sand is becoming more and more scarce.

George Knight has dined with the President, and still the mystery surrounds as to who will be the next public nominee for Governor of California. Inspired political writers around the city are busy speculating as to whether he will be the next public nominee for Governor of California.

A city corps of garbage measurers is not an idle dream of an idle fellow. The city of San Francisco is now engaged in a campaign to measure the garbage of the city. The city of San Francisco is now engaged in a campaign to measure the garbage of the city.

Our wandering Mayor is with us again. He has nothing to say—publicly—about the unfurling Los Angeles policemen, who would allow a bag of money to be thrown at them to enjoy themselves motoring at thirty miles an hour. That policeman would not have been one of the thousands Los Angeles Schmitts Rough Riders that His Honor spoke of at his welcome home.

Mayor Schmitt was given a book-keeper, an innovation in that office. The Sheriff has two new cooks and a druggist for the branch jails. The County Clerk was placated with four new employees and a messenger. The firemen will be given a fourth day off in the month. Extra clerks are allowed the departments of Electricity, Police and District Attorney. The Registrar will get six extra clerks to copy the assessment rolls. This gives employment to friends and keeps them good-humored. Other departments are to be heard from. The surplus already looks sick. That's the way the money goes, Pop goes the weasel!

Mayor Schmitt was given a book-keeper, an innovation in that office. The Sheriff has two new cooks and a druggist for the branch jails. The County Clerk was placated with four new employees and a messenger. The firemen will be given a fourth day off in the month. Extra clerks are allowed the departments of Electricity, Police and District Attorney. The Registrar will get six extra clerks to copy the assessment rolls. This gives employment to friends and keeps them good-humored. Other departments are to be heard from. The surplus already looks sick. That's the way the money goes, Pop goes the weasel!

Our wandering Mayor is with us again. He has nothing to say—publicly—about the unfurling Los Angeles policemen, who would allow a bag of money to be thrown at them to enjoy themselves motoring at thirty miles an hour. That policeman would not have been one of the thousands Los Angeles Schmitts Rough Riders that His Honor spoke of at his welcome home.

WOMEN'S CLUBS.

Stan Jose, Feb. 8.—Wednesday morning with very little frost and morning machinery of the State convention began its work under the guidance and decided manipulation of Mrs. Cowles. From the first moment of her presiding, authority and order reigned supreme. The gavel fell promptly on the minute for both sessions and events followed rapidly in scheduled order.

Delegates found the church prettily decorated with the State colors, gold, blue and white. The large hall was filled with a magnificent bunch of jonquills on the desk and many wreaths of green and white. The large hall was filled with a magnificent bunch of jonquills on the desk and many wreaths of green and white.

At 10:30 all the club presidents gathered in the main auditorium of the State convention for a general discussion of the following subjects: "Advantages of the State Convention," "How Can the Year Book Be Made More Helpful?" and "Would a Better State Convention Be Held in the State?" Mrs. Cowles, State president, presided.

Home Department of Ebbl.

The Woman's Home Department of the Ebbl Club will be addressed on Monday at 10:30 o'clock by Mr. Miller, the city chemist. The speaker will discuss pure foods and other relatively absorbing questions, the afternoon promising to be an especially interesting one.

Don't fool with a cold; no one can tell what the end may be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from neglected colds. Nothing can be compared with Chamberlain's Cough Remedy as a quick cure for colds and influenza, and by its use any serious consequences from these diseases may be avoided.—[Adv.]

Profit Follows Times "Liners."

One can't help being interested in these small, illustrated ads which tell a story of commercial activity in the fast-growing Southwest. Every reader of The Times will find in them something, somewhere, for their profit and advantage. Look them over. You'll be sure to discover an opportunity to make money. There's a fortune in them if watched closely and constantly.

Coulter Dry Goods Company

The mails make us all neighbors, and we prepay freight and express charges on all purchases of five dollars or more, destined to points within two hundred miles of Los Angeles.

In point of merchandise, facility for display, variety of stocks, dependable character, value for price and liberality to customers, we have determined that no store shall surpass us. Today's news is graphic substantiation of this determination.

Spring Gray Silks

Gray is the color of colors this spring with fashion followers—even more than it was during the fall and winter seasons. And, of course, the demand finds us fully prepared.

New grays in checks and stripes; Louisines, taffetas and other weaves—\$1, \$1.25 and \$1.50 a yard.

Plain gray silks—Louisines, Peau de Cygne, taffetas, Rajah pongees, messalines and Crepes de Chine, widths 20, 21, 22 and 30 inches, \$1 to \$1.50 a yard. And dozens of marvelously pretty gray combinations which don't get described.

Wool Challies 50c

It's human nature to procrastinate. For instance, a lot of you have admired the handsome spring challies in our show windows, bearing a price tag of fifty cents a yard. You have planned to buy some, but haven't actually done it; and you're going to be greatly disappointed when the sale ends, and the goods go back to true worth—60c and 75c. Make a note of it—"Buy challies at Coulter's today."

Silk Petticoats \$5.00

A new arrival of handsome taffeta petticoats, in all preferred shades. Some have shirred ruffles, others hemstitched; all have extra silk or cotton dust ruffles. You'll agree at once that they're remarkable values at five dollars.

Dinner Gloves

Society events call for proper gloves. These we describe below are the ones which have fashion's unqualified approval for theaters, parties, receptions, and like occasions, and our assortments of shades in all colors are broad enough to stand any strain you may put on them.

Dinner gloves of XVII century style—without hands—in silk, to harmonize or contrast with costumes, are decidedly novel.

Glaze and suede mousquetaires in every proper length for street or dress wear.

Fashionable Ruchings

Ruchings command a conspicuous place in the well-gowned woman's fancy this season. We have just secured a choice collection of soft chiffon and tulle neck ruching, by the yard, and are showing a novelty in the form of a box containing six ruches, all different, in a number of patterns, at 35c a box. Better quality for 50c.

Black ruchings at 25c a yard, for quick clearance.

"Bordure Richelieu"—the handsome new skirt and waist trimming, gets full representation here, in gray, reseda, white, pink, light blue, red, Alice blue, navy, brown, black, 35c a yard.

Hand embroidered unlaundered Irish linen handkerchiefs—corners done in butterflies, flowers or bird designs; 35c qualities for 25c each.

So, Broadway

So, Hill St.

Coulter's Fourth Floor Cafe Open Daily From 11:30 to 5:30

With a Classic Gas Range

you can CONTROL the heat; you can CONCENTRATE it; and that means ECONOMY. You don't have to keep your stove going all day to cook three meals.

Another important fact not generally known: When cooking by gas you burn seven-eighths air and only one-eighth gas, a value on your range regulating the proportions. The mixture gives no light, but great heat. Again—ECONOMY.

CASS & SMURR STOVE CO. 314 South Spring Street

WOMEN'S CLUBS.

State Convention.
May 10th, Feb. 8-Wednesday
morning with very little cracking and
morning, the machinery of the State
convention began its work under the
guidance and decided manipulation of Mrs.
Cowan. From the first moment of her
appearance, authority and order reigned
supreme. The gavel fell promptly on
the minutes for both sessions and events
were held in scheduled order.
Mrs. Cowan found the church prettily
decorated with the State colors, gold,
blue and white, and a magnificent bunch of jonquills
with a magnificent wreath of green
and gold. The space from the
altar to the floor of the church was
covered with soft yellow cloth, over which
were draped in delicate tracery strands
of gold. The balcony was festooned
with the same fashion, while the large
pillars were adorned with the twining
vines. The word "Welcome" was
inscribed in several prominent positions
about the church, made of yellow blos-
soms, against a background of green.
The walls were adorned with leaves
of shining magnolias, and the floor
was covered with live oak branches filled
with gold and decorated the stairways.
At 10:30 all the club presidents gathered
in the main auditorium of Unity
for a general discussion of the
convention. "Advantages of
Women's Clubs," "Programs for Small
clubs," "How Can the
Club be Made More Helpful?"
"What a Benefit to the State?" Mrs. Sa-
vannah led in these discus-
sions. In her own happy fashion, in-
spiring the most timely and courageous
statements with Mrs. Decker.
Mrs. Cowan, State president; Mrs.
Cowan, recording secretary; Mrs.
Plazzer, corresponding
secretary; Mrs. Anna L.
Decker, who could not be present; Mrs.
Cowan, vice-president; and Mrs. Co-
gan, treasurer.
Mrs. Decker made a strong plea for
greater federation work in the clubs.
and the invocation was read by each
club. Mrs. Plazzer read a paper on
"Women's Literature." She said:
"We, even if you do not care to join
the club, are in the line presented. Only
if we want to know if you are
and if there is a postoffice in your
house, you will not care to join the
club. We want to know if you are
and if there is a postoffice in your
house, you will not care to join the
club. The last question pre-
sented was of extreme interest and
added opinions from each side,
the consensus of opinion seeming to be
against a biennial election of
officers.
At 2 o'clock came the pres-
entation of orders, and the invocation
was read by each club. All members
were seated with ease and comfort the
rule followed that all doors be closed
before the presentation of orders. Mrs.
Cowan gave a vocal selection with a
brilliant array of talent,
Mrs. Plazzer's "Sunshine and Rain,"
and Mrs. Decker's "The Love Song."
The addresses of welcome. Hon.
J. W. Wadsworth, Mayor of San
Francisco, addressed the guests to the city
of the finest addresses of its kind
before the federation. So
many were his listeners that when
he addressed the Santa Clara Valley as
the great spot of California, the
audience in the State, even
San Jose and Pasadena women
came to the echo. His honor has
come down and be Mayor
Wadsworth when the proper time
came.
After this admirable address,
Mrs. Plazzer paid a graceful tribute
to Mrs. Cowan in the open-
ing of the general wel-
come to her by the California
club. Briefly, but very brightly,
she summed up the many points of in-
terest common between her own
club and California, but
she said that both should work to-
ward the same end, and that
there are commercial differ-
ences and rivalries between the men
of the State," said she, "we
must show them how to work in
harmony." The short address
was followed with flashes of rare
talent, Mrs. Decker's "The Love Song."

Broadway, Corner 3d.

Promptly at 4:30 the afternoon session closed.
The reception to Mrs. Decker and the delegates at the Vendome Hotel in the evening was called out a brilliant throng which filled lobbies, halls, drawing-room and ballroom. The "lance" or enclosed porch of the hotel was exquisitely decorated with a lavish wealth of almond blossoms artistically combined with graceful greenery. Here refresh-
ing fruitade and cakes were served throughout the evening. The receiving party consisted of Mrs. Decker, Mrs. Cowan, Mrs. Mantien and the members of the local board, composed of all the presidents of the clubs in Santa Clara county.
The handsome gowns, bright lights, soft music, all combined to make a brilliant scene and a notable one for this vicinity. The large ballroom of the hotel where the delightful programme of music was given glowing with red coloring, long festoons of crepe decorating the walls and appearing in an ingenious network arrangement of smilax and paper chrysanthemums overhead. The entire evening was a complete success and reflected great credit upon the local women in charge.
Home Department of Ebell.
The Woman's Home Department of the Ebell Club will be addressed on Monday at 10:30 o'clock by Mr. Miller, the city chemist. The speaker will discuss pure foods and other relatively absorbing questions. The afternoon promising to be an especially interesting one.
Don't fool with a cold; no one can tell what the end may be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from neglected colds. Nothing can be compared with Chamberlain's Cough Remedy as a quick cure for colds and influenza, and by its use any serious consequences from these diseases may be avoided.—[Adv.]
Profit Follows Times "Liners."
One can't help being interested in these small, classified ads, which tell a diversified story of commercial activity in the fast-growing Southwest. Every reader of the Times will find in them something, somewhere for profit and advantage. Look them over. You'll be sure to discover an opportunity to make money. There's a fortune in them if watched closely and constantly.

Coulter Dry Goods Company

In point of merchandise, facility for display, variety of stocks, dependable character, value for price and liberality to customers, we have determined that no store shall surpass us. Today's news is graphic substantiation of this determination.

Spring Gray Silks

Gray is the color of colors this spring with fashion followers—even more than it was during the fall and winter seasons. And, of course, the demand finds us fully prepared.

New grays in checks and stripes; Louisines, taffetas and other weaves—\$1, \$1.25 and \$1.50 a yard.

Plain gray silks—Louisines, Peau de Cygnes, taffetas, Rajah pongees, messalines and Crepes de Chine, widths 20, 21, 22 and 30 inches, \$1 to \$1.50 a yard. And dozens of marvelously pretty gray combinations which don't get described.

Wool Challies 50c
It's human nature to procrastinate. For instance, a lot of you have admired the handsome spring challies in our show windows, bearing a price tag of fifty cents a yard. You have planned to buy some, but haven't actually done it; and you're going to be greatly disappointed when the sale ends, and the goods go back to true worth—60c and 75c. Make a note of it—"Buy challies at Coulter's today."

Silk Petticoats \$5.00
A new arrival of handsome taffeta petticoats, in all preferred shades. Some have shirred ruffles, others hemstitched; all have extra silk or cotton dust ruffles. You'll agree at once that they're remarkable values at five dollars.

Dinner Gloves
Society events call for proper gloves. These we describe below are the ones which have fashion's unqualified approval for theaters, parties, receptions, and like occasions, and our assortments of shades in all colors are broad enough to stand any strain you may put on them.
Dinner gloves of XVII. century style—without hands—in silk, to harmonize or contrast with costumes, are decidedly novel.
Glaze and suede mousquetaires in every proper length for street or dress wear.

Fashionable Ruchings
Ruchings command a conspicuous place in the well-gowned woman's fancy this season. We have just secured a choice collection of soft chiffon and tulle neck ruching, by the yard, and are showing a novelty in the form of a box containing six ruches, all different, in a number of patterns, at 35c a box. Better quality for 50c.
Black ruchings at 25c a yard, for quick clearance.
"Bordure Richelieu"—the handsome new skirt and waist trimming, gets full representation here, in gray, reseda, white, pink, light blue, red, Alice blue, navy, brown, black, 35c a yard.
Hand embroidered unlaundered Irish linen handkerchiefs—corners done in butterflies, flowers or bird designs; 35c qualities for 25c each.

So. Broadway
No. Hill St.

Coulter Dry Goods Co.

Coulter's Fourth Floor Cafe Open Daily From 11:30 to 5:30

Men who want quality without exorbitant cost are our best customers. Here are several items—some are at cut prices—some are not; but each touches the top-notch of quality and is a true bargain.

Fleece-lined derby ribbed shirts and drawers—medium weight; gray, ecru or blue striped—fifty cents.

Outing flannel night shirts, of fine quality—fifty cents.

Natural wool shirts and drawers, of medium weight, in odd sizes—half price.

White madras golf shirts, of \$1.25 and \$1.50 quality—dollar each.

Black or natural wool half hose—regular 35c quality—twenty-five cents a pair.

Fancy half hose, in all wanted shades; regular 50c quality—three pairs for a dollar.

Fancy half hose, of 25c and 35c quality—three pairs for fifty cents.

With a Classic Gas Range you can CONTROL the heat; you can CONCENTRATE it; and that means ECONOMY. You don't have to keep your stove going all day to cook three meals.
Another important fact not generally known: When cooking by gas you burn seven-eighths air and only one-eighth gas, a valve on your range regulating the proportions. The mixture gives no light, but great heat. Again—ECONOMY.

CASS & SMURR STOVE CO. 314 South Spring Street

FAILS TO GET THE PREACHERS.

PRICE'S INVITATION DECLINED AT LONG BEACH.

Men of the Cloth Do Not Care to Occupy Seats on the Platform at the Dedication of the Temple of Psychic Research—Breakers High, but No Damage.

LONG BEACH, Feb. 9.—The Ministerial Alliance, which numbers all the Protestant pastors of Long Beach, has unanimously declined the invitation of Dr. W. R. Price to occupy seats on the platform next Sunday at the dedication of the new temple of the Psychic Research Society.

When Dr. Price came here nearly two years ago he was made welcome in all the churches and filled engagements in the pulpit. Gradually he began inculcating a new doctrine which savored of self-healing, self-saving and the power to know and be. He gathered about him a coterie of converts, which in course of time grew strong enough to stand alone and then was organized the Psychic Research Society, which is now the Psychic Temple.

All who became members had to pay for a course of ten lectures, in which Price taught his beliefs, principles and secrets. Gradually the nature of these lectures changed from the religious to the scientific, and the society became a development company he was exploiting.

A joint debate between Rev. Kelleh, a Christian minister, and Dr. Price was held last night and the debate was a lame defense of his principles. But the joint debate only welded the followers of Price more closely and embittered them against the church.

The society was building a temple for itself and by juggling, Rev. R. O. Bates and his wife were ousted and they, too, exposed the doctor and his teachings. This happened in November and since that time the fight has been allowed to drop out of sight and the Psychic Temple has been pushed to completion. It will be dedicated on Sunday afternoon. Dr. Price occupies an important place on the program and the dedicatory sermon is to be delivered by Rev. A. J. Holt, a Baptist clergyman of Knoxville, Tenn., who Dr. Price announces "has been his lifelong friend and comes across the continent to give his service in the cause of the truths laid down by Dr. Price in his book, 'The New or Practical Psychology.'"

To show that he is a follower of the meek and lowly Nazarene and forgives his enemies, Dr. Price sent personal invitations to all the ministers of the city to attend and sit on the platform.

The matter was brought up at a meeting of the alliance and adversely decided without a negative vote, confirming the action taken some time ago by several of the churches requesting members to sever relations with the society and remain away from its meetings.

MOANED BY BREAKERS.
Preparations are complete for the celebration of Lincoln's birthday by the Illinois Society at the Sun Pavilion. C. A. Buffum will deliver the address and will be followed by J. A. Miller of the Chamber of Commerce and R. S. Oakford for the City Trustees. There will also be a program of songs and music.

A heavy ground swell has been rolling since last night and the breakers are unusually high, but there has been no damage and no apprehension is felt. The fishing has dwindled to nothing, as fish seek deep water under such conditions.

The Salvation Army has established quarters in Long Beach, which will be in charge of Capt. Reinert and Lieut. Hales. A series of special services will begin next Tuesday.

A man named Foster yesterday while riding in a surrey lost a pocketbook containing a large sum of money and valuable papers. This morning T. L. de Condus of the Townsend-Dayman Investment Company found it in a place lying sticking between the cushion and side guard of the rear seat, where it had remained in safety for over eight hours, though the surrey was driven about town and carried several passengers. The money had not been touched.

On Saturday morning the bids for the erection of the new tourist hotel Bixby on the bluff will be opened.

OCEAN PARK.
CALLING A MASS MEETING.
OCEAN PARK, Feb. 9.—A preliminary meeting having for its object the unification of the beach, was held last night and a mass convention to which all are invited as delegates at large is to be held within a few days.

The avowed object is to cement the interests of the entire Santa Monica Bay section, and if such a thing be possible, terminate the Kilkenny tournament that has been in progress ever since this beach emerged from beneath the sea. It is expected the mass meeting will resolve itself into a promotion committee with delegated powers to boost the beach.

SEEK THE MYSTERIOUS WOMAN.
Searchers who combed the beach and sand dunes in the vicinity of Hyperion in quest of the mysterious woman, Miss Jennie Brown, returned without having seen her heard of her. From the information so far gathered it is impossible to determine if the strange woman recently seen near the beach was really Miss Brown.

TO GO TO HONOLULU.
Mr. and Mrs. Turk will leave tomorrow for a trip to Honolulu. In Los Angeles they will be joined by Mr. J. H. H. Strover. Together they will pass a couple of months on the islands.

For bargains in beach property see Chas. J. Hildesheim & Co., 142 Pier ave. U. S. warships at Coronado.

SAND GNAWED BY HUNGRY SEA.

MORE DAMAGE DONE BY HIGH TIDE AT VENICE.

Stout Bulkhead Built to Protect a Five-Thousand-Dollar Residence is Swept Away as if it Were of Straw.

Many Volunteers to Save House from Destruction.

VENICE, Feb. 9.—The high tide of last night did practically no damage to the shore interests south of Venice along Short Line Beach. The bulkheads of piles and boards and the bulwarks of barrels and sacks filled with sand did noble service. The high seas rolled calmly in and receded in playful mood.

Ruthless morning all was changed. Serenity no longer marked the attitude of the ocean. The sea was in an angry mood, and as the breakers rolled higher and higher upon the shore it became evident early in the game that the temporary barriers that had been erected by man to stay the advance of the hungry waves would tumble as card houses when given the solar plexus by the keen-edged and swirling end of a roaring comber. Inch by inch and foot by foot the waves advanced. They gnawed great chunks out of the beach and were soon rushing behind, around, through and over the bulkheads. The sand was whirled in by the carload, being scooped out in immense quantities from under the cottages.

The stout bulkhead that had been erected by Flavel Shurtlett for the protection of his \$5000 residence, was whisked away as if it had been as many straws. The great fifteen-foot piling sunk deep in the sand and held together by a two-inch plank and great spikes of iron were torn loose and tossed upon the beach as they were blown matches. The walks in front of the house were carried into the sea as the sand was stolen from under them. The front porch was torn away and with a mournful crack floated off on the tide. On and on the waves came, digging the sand from under the house and throwing spume far up the sides of the deserted home. The crowd of onlookers, swelled to thousands, expected every moment to see the great house carried into the sea, but fortunately it withstood the attack, and as the receding tide made room for an army of workers, men were soon busy with hammers and saws and spades and shovels, endeavoring to preserve the house against destruction during the next tide. The house is so large it cannot well be moved, and the chances are good for saving it if there is no heavy southwester during the next few days. It has once more been protected by a solid bulkhead, reinforced with barrels and sacks filled with sand, and an outer course of tree branches to serve as a riprap to hold the sand in place.

Nine other cottages occupy exposed positions, and they are all being similarly protected. Men were at work all along the beach throughout the day, and everything possible has been done to prevent permanent injury. The City Trustees employed men and took a hand in the matter in an effort to protect life and private property. Assurances were given to the contractors for the proposed bulkhead that they would be paid for their work when the bond issue prevailed or was lost, and with this definite understanding the contracting firm is to begin work without delay on the construction of the 1600 running feet of bulkhead.

Within a very few days the pile drivers will be busy seeking to repair the damage and prevent a repetition. In places they will find that the shore line has advanced eastward as much as a hundred feet. For a distance of a dozen blocks a stretch of sand extends from the former high tide line to the front foundations of the residences. The matter was brought up at a meeting of the alliance and adversely decided without a negative vote, confirming the action taken some time ago by several of the churches requesting members to sever relations with the society and remain away from its meetings.

MOANED BY BREAKERS.
Preparations are complete for the celebration of Lincoln's birthday by the Illinois Society at the Sun Pavilion. C. A. Buffum will deliver the address and will be followed by J. A.
